ALL EYES - NADINE KANSO

As a noted photographer and award-winning haute jewelry designer, Beirut-born and Dubai-dwelling Nadine Kanso is modern Arabia's creative ambassador to the world. Be it her calligraphy inspired precious adornments or gritty artworks depicting contemporary Middle Eastern life, her message remains constant.

'Celebrate your Heritage'

Artist and jewelry designer Nadine Kanso is immersed in Arabic culture in all its forms, mainly calligraphy and pop-culture idioms. One facet is "The Evil Eye" - which is a legend believed to be cast by a malevolent glare usually given to a person when they are unaware.

Therefore it was only natural for Nadine Kanso to tap into its beauty and myth. Kanso hand-drew and recreated a bespoke "Eye" which guards against this maleficent spell.

It was turned into a signature piece and a recognizable one for her brand Bil Arabi "Contrast" being a favored language in Kanso's creations, she decided to bring the old and the new together and have them meet on a bespoke carpet by Iwan Maktabi

"All Eyes" pays homage to the region's heritage.

It sources inspiration from the collective memory and the identity of Arabs. The piece is a powerful "antique" reproduction that meets modern tastes while adding a striking touch.
